

Regarding the Sale of Aluminum Ware Sets

We sold Saturday in less than three hours our entire first allotment of these Sets and could have sold nearly thirty-five more if we had them.

Our second allotment is now coming by freight and we will take orders for delivery in about a week or ten days at this same price, \$6.98 per set.

We cannot take more than thirty-five orders, for that is all we can contract for at this price.

It is by all means the greatest special offering of high-grade kitchen ware ever put out anywhere.

We are keeping one set to show. Come in and examine this great value and enter your order. The regular retail price is \$11.65. Sold complete, \$6.98, 98c at time of purchase, 50c per week for twelve weeks.

Buy Your Baby a New Carriage

We have tiny go-carts that can be folded up and carried — go-baskets that can be wheeled about or carried on the arm easily — big, roomy carriages, American or English design — all moderately priced.

No parent could view the beautiful display of Carriages and Go-Carts we are showing without being strongly tempted to own one.

TALK OF THE TOWN

Fancy tea aprons 5c at Knight's. The popular LaFrance shoes at Fitts'. S. W. Cuptil of Waterbury was a business visitor in the city yesterday.

Henry W. Knight left yesterday for a few days' visit in North Hero. The dry goods sale which he is conducting on Pearl street is in charge of Miss Nellie Warley during his absence.

Ladies' and misses' Easter suits and coats received this date by express. Latest New York designs in conservative models. All colors and sizes, from \$13.50 to \$25. Also men's, young men's and boys' Saddle, 10 Keith avenue.

Mr. and Mrs. David Rennie and children arrived in the city early this morning from New York, where the former met his wife and children at the pier as they were landing after an uneventful trip from Scotland, where they have been passing several months. The family will reside on Trow avenue.

Romeo Scampini, son of Mr. and Mrs. Angelo Scampini of Berlin street, who has been at the City hospital for several weeks while recovering from injuries received in an accident at the plant of Comelli & Co., has gone to his home. The young man's condition continues to improve steadily, although some time must elapse before he is able to use his limbs freely.

Funeral services for Maurice R. Gray, the little son of Mr. and Mrs. John A. Gray of 134 North Seminary street, who was drowned in Stevens branch Monday evening, will be held at the house Thursday afternoon at 2 o'clock. Rev. J. W. Barnett, pastor of the Congregational church, will be the officiating clergyman, and interment will be made in Hope cemetery.

Among the visitors in the city yesterday and to-day were the following people: O. E. Nelson of Worcester, Julius Mendelssohn of Plattsburg, N. Y., H. H. Knapp of Springfield, Charles A. Murphy of Plattsburg, N. Y., R. B. Long of Springfield, C. G. Maynard of Burlington, R. H. May of Essex Junction, E. M. Savage of Portland, Me., and P. F. Beares of Brandon.

Building Inspector George M. Rand and members of the aldermanic street committee conferred with Anthony Tomasi Tuesday afternoon on the proposal to extend the front of the two stores in the A. Tomasi block to the street line. It is reported that the block has settled some six inches in the middle, and while the owner of the property is bracing the building with steel girders, he proposed to improve the store fronts by extensions as far west as the iron railing which borders the front hatchway. At the council meeting last night, the committee reported adversely on Mr. Tomasi's request.

More depredations of the kind committed by youngsters on Granite street last week are reported by the head of the Louis DeBois Granite Co., who claims that unknown persons entered the company's shed in Goldsboro meadow one night this week and defaced several memorials that were nearing completion.

Thus far the miscreants who did the work are as much at large as the boys who chose Granite street for their mischief. It is stated that the Granite Manufacturers' association is to petition the city council in an endeavor to have the city fathers co-operate with other authorities and the manufacturers in bringing the guilty ones to justice.

Thursday night at the Congregational church Rev. Charles A. Boyd, secretary of the Vermont Sunday School association, will deliver a lecture on "The Power of the Bible." The lecture will be held at 8 o'clock in order to accommodate people from other churches who are interested in the Sunday school work, and who will thus be enabled to attend after their regular prayer meeting. The lecture will be followed by about 50 lantern slides with illustrations of the Northfield summer school for Sunday school workers. Rev. Mr. Boyd arrived in the city yesterday and in company with C. S. Andrews attended an institute at the Graniteville church last evening.

Under the auspices of Goddard seminary, Dr. Henry L. Southwick, president of the Emerson School of Oratory in Boston, gave a reading of the Shakespearean play, "Richard III," at the Universalist church last evening.

The speaker was introduced by O. K. Hollister, principal of the school. Dr. Southwick recited parts of each of the five acts of the play in such a manner as to bring out most forcefully the character of the Duke of Gloucester as representing Shakespeare's idea of the evil King Richard. The character, as Dr. Southwick said, reveals only one quality worthy of admiration, and that one is the fact that he is a good fighter. The speaker's rendering of the play, more especially in the soliloquies of the duke himself, could not have failed to arouse in the minds of the hearers a contempt for the villainous Richard which Shakespeare evidently desired them to feel. The play itself, as the speaker pointed out, is a good sermon on the folly of sin and the ultimate triumph of virtue, for the earl of Richmond, against whom Richard had plotted, finally wins the battle and Richard is killed.

Mr. Seantlebury may be found at his headquarters, Hotel Barre, every evening from 7 to 8. What Has the Moon to Do With Easter?

A good many people look at the moon who do not know that it is indirectly responsible for the greatest annual style parade known in the history of any nation—THE FIFTH AVENUE EASTER PARADE IN NEW YORK.

What has the moon got to do with it? Just this: Unlike Christmas and Fourth of July, or any other holiday except Thanksgiving, Easter is a variable date; it maybe as early as March 21, or as late as April 25; but Easter is always the first Sunday after the full moon which happens on or after March 21.

So on March 21, if it isn't a Sunday, or any day thereafter when you see a full moon in the sky, remember that the next Sunday will be Easter, and that FIFTH AVENUE, NEW YORK, will look like a large greenhouse on parade.

There is no time when people everywhere so spontaneously appear in new, up-to-date attire as at Easter. Will you be in this parade?

Only Four Days to Easter

Can we be of any help to you in getting your materials or ready-made articles together ready for your Easter wardrobe? If you feel we can, just 'phone us or come in, and we will do all we can to help you decide or get you anything you may want.

For Sale—Insurance: Owing to ill health, I am obliged to sell out my insurance business. This is a good chance for a man who would like a business of his own. Let me prove it to you. G. L. Linekin.

Current events at the seminary are treated deftly and in detail in the current issue of the Goddard Record. Despite the suspension which circumstances made necessary in mid-winter, there has been much activity outside the sterner scholastic duties, made the more exacting by the fact that students found it to their advantage to "speed up" once they were back at their books. Goddard's interest in military training and its kindred topics, preparedness, is described on the editorial pages. The school parlors, recently redecorated and newly furnished, are described along with the efforts which made it possible to effect a transformation. Loyal alumni contributed in no small measure to the fund. Dr. John Ridon's third paper on early days at Goddard are resumed in the latest number of The Record and an unusually large amount of space is given over to local news. Athletics have a place in the little magazine and two pages are given over to alumni notes.
